

## PAH / PAH-K

The KYBURZ PAH is the classic original for the DXP and ideal when more than usual must be transported. The PAH has proven its reliability during its long service in the Swiss Post. The suspension and the overrun brake guarantee a stable and safe ride.

The KYBURZ PAH-K is based on the PAH. The large loading volume and a payload of 125 kg enable a wide range of transport options. With the hinged tailgate, quick emptying is effortless.

## PAH-F / PAH-W

The PAH-F offers a larger load volume than the PAH and can be towed by the KYBURZ DXP or DXC. The PAH-F with the fixed box has a payload of 150 kg. The cargo is protected from the weather in its spacious load compartment.

The PAH-W transports goods in combination with an interchangeable box and can be pulled by the KYBURZ DXP or DXC. The interchangeable box can be pulled onto the trailer with the help of an installed cable winch and is secured with several locking systems.
